

# EuroTime

## Staff planning and time recording

The innovative solution for the hotel, restaurant, trade and industry sectors

## EuroTime – six key arguments

- 1 Adheres to important legal regulations: professional associations (ArGe), Swiss Code of Obligations (OR), state collective employment agreement for the hotel and restaurant industry (L-GAV), Swiss working hours act (AZG)
- 2 Modern and efficient system for a good overview in management and accounting
- 3 Daily assignment plans avoid gaps in staffing and overstaffing
- 4 Individual approvals for breaks and times
- 5 Assignment of employees and resources can be optimally planned to suit operational requirements
- 6 Entry of requested absences (shift choice, absences, holidays)
