

iMIS

Management Informations System

Total transparency for management. Anytime, anywhere.

iMIS – five key arguments

- 1 Centralised company key figures available anytime, anywhere via browser, smartphone or tablet
- 2 Automated connection to all relevant systems (front office, POS, time management, wages, inventory management, etc.)
- 3 Analysis of turnover and costs for wages, goods and operations on a daily, weekly, monthly or annual basis
- 4 Detailed insights (incl. comparative values from previous periods) into individual departments and employee performance
- 5 Retrieval of intelligently derived planned and forecast values

iMIS – your benefits at a glance

Highlights

- Compatible with the Web, iPhones and iPads
- Diverse interface functions
- Individual reporting
- Flexible evaluations
- Graphical evaluations

Interface systems

- Protel
- Fidelio/Suite8
- Amadeus
- HS3
- PC-Cash / TCPOS / Xenia
- Abacus / Sage / Datev
- Skidata®
- Customized solutions
